Internship with Allstate, a Fortune 100 company and one of the largest insurance companies in the US
Allstate Technology and Strategic Ventures Summer Internships

Allstate Technology & Strategic Ventures offers an exciting Internship Program providing students with the opportunity to gain hands on experience. During this time, every intern has the opportunity to network with industry professionals, work on live projects and play an integral role in their development and success.

The Role

- Allstate internships are a great way to gain a head start on your career by having meaningful work, being part of a dynamic team, working in a great environment and making good friends
- Our summer internships are built to provide you with an excellent training ground to maximize your potential for success in the IT industry, enabling you to apply your technical skill and knowledge of engineering principles in a real-life working environment
- You will gain hands on experience in the enterprise technology environment, benefiting from interacting closely with engineers and technology leaders in Allstate
- Opportunities to gain experience in software development and infrastructure
- The internship will be 12 weeks long, beginning in early May (post finals)
- Interns may opt to extend their stay in the UK at their own expense and subject to UK visa requirements and limits

What will the job entail?

While in Belfast, we offer the following:

- Competitive salary
- Free departure/return flight to/from the UK and daily transportation to/from the Belfast office
- Housing accommodations provided by Allstate
- Weekly allowance for time spent overseas
- Experience of living and working in the UK
