Imagine – two days of techies, programmers, developers, humanists, artists, students, professors, and creative visionaries gathered in one place to hack for ‘Social Good’ and build technology solutions to address pressing issues facing humanity.

The mission of Hacks 4 Humanity is to create technology solutions and initiatives, that will contribute to the social good and address the needs of humanity using the 7 principles of ASU Project Humanities “Humanity 101” movement.

Together, the 7 Principles of the “Humanity 101” curriculum creates an opportunity to be reconnected with our humanity, using compelling values and technology as a foundation. Hackers will develop cutting-edge technology solutions that will solve complex challenges and allow them to engage and innovate in the following seven areas:

- forgiveness
- respect
- kindness
- integrity
- empathy
- self-reflection
- compassion

FAQs

WHAT WILL WE BE DOING AT THE HACKATHON? The goal is to bring together community members who will form teams in order to develop socially-minded mobile apps. Each team will be comprised of an app developer, graphic designer, and creative visionaries. Teams will be asked to create apps that adhere to the 7 Principles.

WHAT DOES THE SCHEDULE LOOK LIKE? DO I HAVE TO BE THERE THE WHOLE TIME? The event will span 2 days. Participants will meet for a few hours in the evening on Saturday, September 20th to discuss project guidelines, form teams, and begin brainstorming. Teams will gather again for an all-day work session on Sunday, September 21st. Apps will be presented Sunday night. We do ask that you are present during the entire duration for the benefit of your team.

DO I NEED APP OR DESIGN SKILLS? No. There are no requirements to join our Hackathon. Every person brings unique value to their teams without any prior app design experience.

DO I NEED TO SIGN UP WITH A TEAM? No. Although arrangements can be made if you wish to be placed with friends. Teams will be determined on the first day of the Hackathon.

GREAT! HOW DO I SIGN UP? Our registration page can be found at http://tinyurl.com/hacks4humanity or call 323-989-3788, or email us at hacksforhumanity@gmail.com for more information.

WHAT IS HUMANITY 101 AND PROJECT HUMANITIES? Humanity 101 is an effort by Arizona State University’s Project Humanities to promote talking, listening, and connecting. Project Humanities puts on hundreds of free and public events each year that center around community discussions. Past events have included film screenings, colloquiums, poetry slams, and even a circus performance. Each event tends to culminate in a safe environment where people from all perspectives can converse.

WHAT IS EQUALITYTV? EqualityTV celebrates humanity by offering transformative shows, web series, talk shows, films, compelling documentaries, music, and powerful discussions that everyone can enjoy on a global scale. Whether you are a man, woman of any nationality, a filmmaker, activist, non-profit organization, disabled veteran, gay, lesbian, transgendered or queer, EqualityTV will provide the multimedia you need to begin Celebrating Humanity.
