

Fall 2017

devils invent

Devils Invent is a series of weekend-long design events hosted by **Entrepreneurship + Innovation at Fulton Schools** where we encourage students to design, build and implement innovative solutions to challenging problems submitted by community and industry partners. The events are thematically focused, centered around topics pertinent to the challenges facing the world today.

**All Devils Invent events are held from
Friday at 5:30 p.m. to Sunday at 3 p.m.**
