Study entrepreneurship abroad

Entrepreneurship and Value Creation in Israel

December 28 – January 4, 2018

This program is a hands-on introduction to starting entrepreneurial ventures. Start, build and operate a business while exploring international business principles and operations. Investigate the cultural and economic infrastructure of the modern state of Israel, and study the cultural, political and technological factors that enabled Israel to turn its barren desert landscape into a thriving agricultural, technological and start-up focused nation!

Program Fee: \$2,965

The program fee includes: hotel accommodation, daily breakfast and dinner, private chartered bus transportation within Israel, site visits and cultural excursions, ASU faculty support and international health insurance.
