The **2023 Health Innovation Exhibition** at the College of Nursing and Health Innovation is coming up and we need volunteer judges! Staff, faculty, juniors, seniors, and grad students are welcome to volunteer. First-year students have been innovating tech-driven solutions to patient safety in healthcare and will be presenting these solutions via poster projects during this exhibition.

As a poster judge you will be responsible for evaluating 8 to 10 student posters per judging rubric and engaging with student presenters. Judge check-in is at 2:30 with evaluations from 3:00-4:30. Sign up to join our judging group!
