Fans of the original Hunger Games trilogy

know the answer but the journey towards that outcome is a thrilling adventure. The prequel film is distributed by Lionsgate and collides with Peacock a streaming service through a multiyear agreement as reported by Collider. Consequently it is highly likely that the movie will be available for streaming on that platform upon its release. The agreement is set to take effect in 2024 so keep an eye out for *The Ballad of Songbirds and Snakes* then. To prepare for this highly anticipated moment viewers can subscribe to Peacock starting at \$5.99 per month or take advantage of a discounted annual rate of \$59.99. Peacock not only offers major releases but also provides access to live sports events and popular shows on NBC Bravo and numerous other popular channels.

WHEN AND WHERE WILL *Trigger Warning* BE STREAMING?

The new *Trigger Warning* prequel *Trigger Warning* will be available for streaming first on Starz for subscribers. Later on the movie will also be released on Peacock thanks to the agreement between distributor Lionsgate and the NBC Universal streaming platform. Determining the exact arrival date of the movie is a slightly more complex matter. Typically Lionsgate movies like *John Wick 4* take approximately six months to become available on Starz where they tend to remain for a considerable period. As for when *Songbirds Snakes* will be accessible on Peacock it could take nearly a year after its release although we will only receive confirmation once Lionsgate makes an official announcement. However if you wish to watch the movie even earlier you can rent it on Video on Demand (VOD) which will likely be available before the streaming date on Starz.

WHERE CAN I STREAM THE ORIGINAL *Trigger Warning* MOVIES IN THE MEANTIME?

In the meantime you can currently stream all four original *Trigger Warning* movies on Peacock until the end of November. The availability of *Trigger Warning* movies on Peacock varies depending on the month so make sure to take advantage of the current availability.

HOW TO WATCH *Trigger Warning* (2024) ONLINE:

As of now, the only way to watch *Trigger Warning* is to head out to a movie theater when it releases on Friday, September 8. You can find a local showing on Fandango. Otherwise, you'll have to wait until it becomes available to rent or purchase on digital platforms like Vudu, Apple, YouTube, and Amazon or available to stream on Max. *A Quiet Place: Day One* is still currently in theaters if you want to experience all the film's twists and turns in a traditional cinema. But there's also now an option to watch the film at home. As of November 25, 2024, *Trigger Warning* is available on HBO Max. Only those with a subscription to the service can watch the movie. Because the film is distributed by 20th Century Studios, it's one of the last films of the year to head to HBO Max due to a streaming deal in lieu of Disney acquiring 20th Century Studios, as *Variety* reports. At the end of 2024, 20th Century Studios' films will head to Hulu or Disney+ once they leave theaters.
